1.0 PREAMBLE

It is with immense gratitude to Almighty God and with great honour that I present to you the President's Report at this 27th Annual General Meeting of our Cooperative. This year marks yet another milestone in the history of our Society. Since inception, Unique Cooperative Multipurpose Society Limited has continued to grow in membership strength, financial capacity, and impact. The cooperative spirit of unity, mutual trust, and shared responsibility has been our greatest asset.

We gather here today to reflect on the past year 2024 and to celebrate the continued growth, achievements, and resilience of our society, which has been steadfast in its operation to enhance the financial and social well-being of its members. Invited guests, Ladies and Gentlemen, I sincerely and wholeheartedly welcome you all to today's occasion.

Cooperative! Oneness! Cooperative! Power! Cooperative! Progress!

This year's AGM is the first of the second term of this regime that came on board Thursday, 7th November, 2024. Unto God Almighty I return all praise and glory for His grace and infinite mercies over all our members and families, and for bringing our plans concerning this event to fruition. My gratitude goes to the University Management under the leadership of Prof. Folasade Ogunsola, OON, FAS, for making the environment conducive for our operations.

I heartily appreciate our respected, untiring, and hardworking members for their all-time encouragement and loyalty to our cooperative's mission and vision. Our collective efforts have culminated to our journey and achievements ditto.

We shall, in today's gathering, be taking into consideration, the events and financial records of our Society for the year ended, 31st December, 2024, which had been audited and approved by the Lagos State Ministry of Commerce, Cooperatives, Trade & Investment.

Today, I am elated to bring to your hearing that our Cooperative Society, driven by the

current Management and the Secretariat Staff, has performed respectably well in keeping with our lore.

2.0 GENERAL OPERATIONS

The 2024 financial year has been energizing and rewarding for our cooperative. In spite of some fluctuations economically, inflationary pressures, and, global vulnerabilities, and universal doubts, we have continuously performed remarkably and resiliently. In line with our target of variegating income streams, we have consistently explored investment opportunities in both short-term and long-term operations.

The Net Asset of the Society increased from N2.707 billion in 2023 to N2,794 billion in 2024 due to the payment of members' salaries in 2024, except for the outstanding deductions from the 2022 paid salaries to all categories of University Staff. Notwithstanding this situation, we have graciously stabilized our loan services.

May I use this medium to appreciate you all for your aplomb in the Society's Management Team and your commitment in fulfilling your loyalty to the Society via your deductions from time to time. I am happy to mention here that our overall operations have been quite awe-inspiring.

Please find below the highlights in the Accounts for the last two years of operations: i.e. 2023 and 2024.

If the proposed dividend secures your assent today, it will be disbursed into the accounts of members in their various banks through e-payment within the next twenty-four (24) hours.

4.0 MEMBERS WELFARE

The improvement of the welfare of our members remains one of our core mandates and this was demonstrated by organizing a Unique Food Fair 2024 held from Wednesday, 18th to 20th December, 2024; members had access to purchase food items, and payments were made back to the society. The non-availability of adequate storage facilities has been affecting the flow of commodity sales during the year.

In addition, our members numbering 428 were assisted to get "Ounje Eko" at Thirty-Five Thousand Naira per person with zero percent interest.

5.0 ENTERTAINMENT

The current economic inflationary trend in the country has guided the Management to agree to monetize the entertainment for members at the rate of Four Thousand Naira (N4,000.00) only. The Payment will also be disbursed to individual bank accounts with the dividend following this Annual General Meeting (AGM).

6.0 STATUTORY RESPONSIBILITIES

- United Bank for Africa PLC,
- Wema Bank PLC,

- Unilag Micro Finance Bank Ltd,
- AXA - MANSARD Insurance.

I fervently thank you all, on behalf of the Management, Staff, and Members of the Society, for your sustained support toward the forward motion of the Society, and your presence at this Annual General Meeting (AGM) is beloved.

10.0 SHARES

The society's share is well intact and steadily growing. The proceed of its sales as of 31st December 2024 stands at Two Hundred and Seventy-Five Million, Five Hundred and Twenty-Five Thousand Naira only (N275,525,000) as against Two Hundred and Seventy-Five Million, Seven Hundred and Ninety Thousand Naira only (N275,790,000) in 2023.

I will like to remind all members that subscription into the cooperative shares is sacrosanct. It symbolizes steering membership of the society. Therefore, members are sensitized on the importance of ensuring the deduction of their cooperative shares on a monthly basis. This contribution is vital for the continued growth and sustainability of our cooperative, enabling us to implement beneficial projects, provide better services, and strengthen our members' investment. Members are therefore encouraged to key into the Society's shares as you have a lot of benefits await you in the shares! A Dividend sum of N7,044,585.45 is recommended to be shared to the shareholders.

11.0 HOME-OWNERSHIP LOAN SCHEME

The home ownership scheme has assisted quite a number of our members in actualising their home ownership aspirations. A substantial amount of funds was approved and disbursed as loans during the period under review for housing development, renovation, completion and improvement

This facility is payable for Forty-Eight (48) months i.e., 4 years with a reducing interest rate of 6%. Fellow co-operators, in the year under consideration, the sum of N7,044,585.45 is proposed as dividend to shareholders, representing N0.033 per share. This would also be disbursed to the shareholders based on their unit holdings.

12.0 APPRECIATION AND CONCLUSION

Looking back at the journey in the last one year, the Society has waxed stronger even in the midst of the inflationary trends in the country.

We remain committed to the welfare and social responsibilities of our esteemed members. Hence, the prompt attention to processing of members' normal loans, emergency loans, equipment loans, and Home Ownership Scheme loans without any undue delay, in addition to the provision of essential commodities for members.

It is germane to note that this regime has also been consistent in:

- a. Efficaciously maintaining and efficiently running the twin blocks of storey buildings which serve as the Students' Hostel comprising of twenty-eight (28) en-suite rooms of about one hundred (100) occupants capacity.
- b. Encouraging that more co-operators subscribe to the cooperative shares as an additional investment opportunity.
- c. Disbursing the Home-ownership loan scheme at a reducing interest rate of 6% for four (4) years duration to 30 members who merited it to the tune of One Hundred and Thirty Three Million Naira Only (133,000,000.00).
- d. 30 members were sponsored to a one-day seminar organized by the Lagos State Ministry of Commerce, Cooperatives, Trade and Investment.
- e. We also sponsored 15 of our members to attend the women empowerment and skill training in pastry (small chops) development programme by the Lagos State Women in Cooperative on the 14th August, 2025.

- f. The Management Team invited allottees whose plots of land have not been developed over twenty years and were engaged in a collaborative discussion. They were informed of the adverse possession risks of not developing their plots of land which include land theft and others. They were also urged to consider the future of their plots, to protect their investment and the integrity of the estate. I am happy to also inform this meeting that a mini-solar-street-light electrification project was carried out within the estate as our Corporate Social Responsibility.
- g. We constantly strengthen relationship with the Council of Elders to back the Management Committee from time-to-time in consultations and group discussions.
At this juncture, I am sincerely and deeply grateful to the members of Management Committee; Council of Elders; Credit Committee; Supervisory Committee; Information Technology Committee; Hostel Committee; Equipment Committee; Annual General Meeting (AGM) Committee; Welfare Committee, and all members who have, in one way or the other assisted our Society.

Permit me, at this point, to acknowledge the satisfactory roles being played by our Secretariat Staff for their excellent performance of the day-to-day operations of the Co-operative society.

I cherish the support of the University Management, the Permanent Secretary of Lagos State Ministry of Commerce, Cooperatives, Trade & Investment, the Director of Co-operative Services, Lagos State Ministry of Commerce, Cooperatives, Trade & Investment, the President of Mainland Cooperative Union, Mainland Area Officer and her team for their support in the past three years of this regime.

Most importantly, I treasure the never-ending aegis of our respected members over the years. I most sincerely thank you all for your unflinching support, compliance, contributions, helpful criticisms, and partnership. Finally, I trust in God that this 27th Annual General Meeting will be a noteworthy event for us to ruminate on our activities and achievements, point out our future prospects, and cement the relationship that unites us all. GENERAL SECRETARY'S REPORT,

AT THE 27TH ANNUAL GENERAL MEETING OF UNIQUE UNILAG

HELD AT TOLU ODUGBEMI HALL, ON THURSDAY, 23RD OCTOBER, 2025

The Vice-Chancellor, Prof. Folasade T. Ogunsola, OON, FAS, Other Principal Officers of the University of Lagos, The Permanent Secretary, Lagos State Ministry of Commerce, Cooperative, Trade and Investments, The Director of Lagos State Cooperative Services, The Mainland Cooperative Area Officer and her Team, The President of Lagos Mainland Cooperative Union, Invited Guests and Dignitaries, Executive Members of Sister Cooperative Societies on Campus, Esteemed fellow Co-operators, Distinguished Guests, Ladies, and Gentlemen.

1.0 INTRODUCTION

It is with great honour and deep sense of responsibility that I present to you the General Secretary's Report for the 27th Annual General Meeting of our dear Society, the Unique UNILAG Staff Cooperative Multipurpose Limited.

To our Keeper, Provider, Redeemer and Saviour I return all adoration, glory and praise, who, in his infinite mercies has kept us alive till today and for gracefully bringing our plans for the 27th AGM to fruition. I respectfully and warmly welcome everyone to today's gratifying 27th Annual General Meeting (AGM) of our worthy Society.

2.0 OVERVIEW OF OPERATIONS

The 2024 financial year was inspiring and pleasing for our co-operative. In the face of the inflationary influences, and global unsteadiness, we have continuously manifested remarkable persistence and resilience. Our membership gained an increase in 2024 over 2023, showing a sustained interest in the value, we provide. We have increased our services and improved our operational productiveness.

3.0 COMMITTEES AND AD-HOC COMMITTEES

The Society operates through two main categories of Sub-Committees in line with the Lagos State Laws and the Society's Bye-Laws. These include the Statutory Committees and the Ad-hoc Committees which are categorized as follow:

(i) Statutory Committees:

These comprise of the Management Committee, Credit Committee and the Supervisory Committee.

(ii) Ad-Hoc Committees:

These comprise of the Equipment Loan Committee, Investment Committee, Welfare Committee, Information Technology Committee, Property and Real Estate Committee, Electoral Committee, Unique Shares Acquisition Committee, Annual General Meeting Committee, Management & Council of Elders Committee, and Share Holding Committee.

These committees are made up of assiduous, industrious, and forthright members with proven integrity, and they render altruistic and conscientious services for the Society. The committees observe regular meetings to deliberate on evolving matters concerning the Society and present reports of their duties, observations, findings, and submissions to the Management Committee for necessary actions.

4.0 MEMBERSHIP

The Society continues to witness steady growth in membership. Esteemed cooperators, I

profess before you today that membership of our Society soars due to its position as primo-inter-pas of her contemporary cooperative societies. In view of this, kudos to all members for being wonderful ambassadors.

New members are registered further to the submission, vetting and approval of their applications by the Management. During the period under consideration, a total number of 27 new members joined the Society; of which 14 were men and 13 women. This has increased the Society's membership to 1978 active members including members who have disengaged from the University service. Kindly note that the Society's door is open, at all times, to all new and worthy intending members.

5.0 APPROVING LOANS TO MEMBERS

Approving and disbursement of loans to members is statutory in the affairs of our Cooperative Society, hence, swift attention, prompt consideration, apt approval, and timely disbursement of different categories of loans to members get quick attention.

Obtaining loans and well-timed repayments by members lubricate the positive running of our Cooperative Society. To this end, a strong appeal to members to continue demonstrating their loyalty by straightening the society's accounts without unnecessary push or exposure expedient.

6.0 STATUTORY RESPONSIBILITIES

There has been consistency in the performance of the statutory obligations of the Society. During the year, representatives of the Society attended workshops, retreats and seminars organized by the Lagos State Cooperative Federation (LASCOFED) and other bodies. The knowledge gained has been beneficial in improving our operations and governance.

It is important to note that the Society has settled all statutory dues to the Supervising Ministry. Additionally, kindly note that our Cooperative Society benefits from friendly relationships with all other sister Cooperative Societies on campus. This is oriented towards strengthening cooperative bounds, improving above our present operational level and environment, for the advancement of the Society and as regards enhancing the economic well-being of our esteemed members.

7.0 THE WELFARE OF MEMBERS

Improving the welfare of our members is one of our core commissions, and in achieving this, we have consistently explored investment opportunities in both short-term and long-term ventures and have yielded commendable revenues.

In the year being considered, 2024, and into the current year 2025, we launched some initiatives to support the welfare of our members.

The Home Ownership Scheme loan, which had witnessed quite some beneficiaries, is steadily in place for qualified members to enjoy.

On the 4th of July, 2024, an empowerment financial seminar was executed to arm our members with the understanding of how to generate extra income, to be equipped with financial management, and explore investment opportunities.

Moreover, our second food fair event was successfully organized from Wednesday, 18th to 20th December, 2024. This event, God's willing, will be sustained. It is worth pointing out that the remittance of savings and loans by members has been tremendously consistent

own to the payment of members' salaries in 2024. I will like to point out that the deductions of the withheld salaries paid to the Academic Staff and the non-teaching Staff have NOT been remitted to the cooperative societies, ours inclusive. Nonetheless, we are burgeoning and will keep the flag flying.

The sale of Welfare packages such as essential commodities, household items, equipment, etc. has been progressing. During the year under review, the Management Committee assisted interested members financially to purchase OUNJE EKO at Thirty-Five Thousand Naira (N35,000) disbursement to individuals. A total of four hundred and twenty-eight (428) members profited from the scheme with zero interest.

The assessment above-mentioned has been stupendously worthwhile, and plans are in place to readily key into such opportunities.

(i) Insurance Benefits

Esteemed Co-operators, I am elated to inform you that our Society still maintains a life insurance policy for each member worth Three Hundred Thousand Naira (N300,000) with AXA Mansard Insurance Plc.

(ii) The Cooperative Shares

I will like to remind all members that subscription into the cooperative shares is mandatory in line with Section 8.0, Sub-section 8.2 of the Society's Bye-Laws. Subscription to this symbolizes steering membership. I am glad to inform you that society's share is still thriving. The report on the share as of 31st December 2024 was Two Hundred and Seventy-Five Million, Five Hundred and Twenty-Five Thousand Naira only (N275,525,000.00) as against Two Hundred and Seventy-Five Million, Seven Hundred and Ninety Thousand Naira only (N275,790,000) in 2023 due to withdrawal of retired members.

Therefore, members who have not subscribed are encouraged to key into it, while those who already subscribed can still buy more as it is vital for the continued growth and sustainability of our cooperative, enabling us to implement beneficial projects, provide better services, and strengthen our members' investment.

8.0 THE SECRETARIAT FUNCTIONS

The nerve Centre of the operations and the prime administrative and business base of the Society, the Secretariat, has been effectual, on the basis of which our Society is prospering ditto. We have capable men and women who work energetically and as a team, towards achieving the goals of the Society. As the irrefutable engine room and the plinth of the Society's operational activities, it executes the statutory and ad-hoc functions, as assigned by the Management Committee. At present, we have seven (7) capable staff under full employment at the Secretariat, one IT staff, and one ad-hoc (Admin Assistant) staff who provides daily cleaning and a favourable work environment.

It is pertinent to mention that six (6) personnel are operating as staff at the Cooperative Society's hostel. Thus, we currently have thirteen (13) personnel presently engaged by the Society on a full-time scale. It should be noted that these ladies and gentlemen are steadfast, effective and efficient in performing their respective responsibilities with commitment, conscientiousness, and moral rectitude. Let it be placed on record that the Society has suitably planned for their retirement benefits whenever the right times come. Members should please note that the Secretariat is still situated at Room 001, Ground Floor, HRDC Building, Akin Adesola Road, Second Gate, University of Lagos, Akoka. Please,

feel free to visit there for any enquiry on shares and in particular, to update your passbooks.

9.0 THE SOCIETY'S SOCIAL HANDLES

It is worth noting that the sincere effort of members of the Information Technology (IT) Committee is continuous towards improving the day-to-day outlook and content of our various IT infrastructures and social handles. These include The Society's website, Twitter handle, Facebook page, WhatsApp and Telegram. These media of communication are being constantly monitored, managed, and improved upon for the best interest of our members. I, therefore, want to thank members of the IT Committee and the co-opted Secretariat Staff, on behalf of every member, for their wonderful effort. May the Almighty God grant you all more favour, grace, and mercy.

10.0 CONCLUSION

As we gather for this 27th Annual General Meeting, we are reminded that the strength of a Cooperative lies in unity, trust, and shared responsibility. With continued commitment, discipline, and innovation, our Society will surely attain greater heights in the years ahead.

On behalf of the Management Committee, the teaming Members, and the Staff of the Unique University of Lagos Staff Cooperative Society, I thank the University of Lagos Management for their panoramic support to make the Society's operation accomplished.

I would also like to express our unfeigned appreciation to the Permanent Secretary, Lagos State Ministry of Commerce, Cooperatives, Trade and Investments, the Director, Lagos State Directorate of Cooperative Services, the Mainland Area Officer, and her team.

Similarly, I want to thank our reputable members of the Society for your absolute support and sequent partisanship all year round. My expression of recognition will be incomplete without deciphering the great effort and allegiance of the Secretariat staff to their assignment. A big appreciation for their industriousness, dedication, tenacity, and probity.

In conclusion, I would like to express my thankfulness to the members of the Management Committee and Council of Elders for their self-effacing services, allegiance and commitment. Supremely, I thank our members, whose steady trust and dedication remain the bedrock of our success.

By the grace of Almighty God, we look forward to another year of expansion and good fortune as we continue to synergize for the benefit of all. I pray that the favour, grace, mercy and protection of the Alpha and Omega will continue to shield us all until we meet again in *compos mentis* and in fine fettle. Amen!

Thank you and God bless!
